# **School Overview**

Tolga State Primary School, situated 6 kms from Atherton, Far North Queensland, was established in 1895. It is part of the Atherton Cluster of Educators and is actively involved in developing curriculum and teaching practices, and student and staff development activities which assist our students' education. EQ's essential learnings direct the development of curriculum with a central focus on high attainment of literacy and numeracy for all students. All KLAs are valued and taught. Extra-curricular activities such as choir, choric speaking, eisteddfod, school and district sport, Instrumental Music, and community activities (ANZAC, show, environmental activities) enhance student development. Student learning outcomes are steadily improving through our staff's focus on the needs of each individual, flexibility to maximise student support and close working relationships with families. Student development is enriched by the philosophies and support of our values program, gifted and talented programs, early intervention strategies and learning and special needs support.P and C and parent / volunteer assistance strengthen the school learning environment and help maximise school / communities partnerships.

# **Characteristics of the Student Body**

### Overview

Tolga State School students come from broad demographic/socio-economic backgrounds and majority of the school's population comes directly from the Tolga catchment area. There is a mixture of rural/urban families with a very small percentage of students having English as an Additional Language or Dialect. Tolga State School has an enrolment of Indigenous children who make up approximately 12% of the school population. The family occupations range from stay at home parents, farmers, doctors, police personnel, labourers, mechanics, retail and a myriad of other occupations.

Enrolment continuity is very high with students commencing and concluding their primary schooling at Tolga. There is a very small number of transient families departing to undertake job opportunities.

Every year we have a number of highly competitive students in the sports curriculum who attend regional competitions and state competitions with support from the school, their parents and the P&C committee.

### **Average Class Sizes**

The following table shows the average class size information for each phase of schooling.

| AVERAGE CLASS SIZES |      |      |      |
|---------------------|------|------|------|
| Phase               | 2015 | 2016 | 2017 |

# **Curriculum Delivery**

### **Our Approach to Curriculum Delivery**

Tolga State School implements the Australian Curriculum using C2C resources (curriculum into the classroom) as the
tool to assist with curriculum guidance for teachers.

### **Co-curricular Activities**

<sup>\*\*</sup> pre-Prep is a kindergarten program for Aboriginal and Torres Strait Islander children, living across 35 Aboriginal and Torres Strait Islander communities, in the year before school (<a href="https://qed.qld.gov.au/earlychildhood/families/pre-prep-indigenous">https://qed.qld.gov.au/earlychildhood/families/pre-prep-indigenous</a>).

- Hosting and participating in a sports program on Friday afternoon with other schools in Term 1 & 4,
- The students are involved in various sports across the area netball, hockey, horse riding,
- Students are involved with Tinaroo Environmental Education Centre for extension work and leadership camp.
- Students march at community ANZAC parade in Atherton,
- Students are involved with the community through Choric and Choral activity work outside school hours.
- Students have opportunities to participate in writing and reading competitions.
- IMPACT computer based activity program for extension with higher achieving students supported by the School of Distance Education in Brisbane.

### How Information and Communication Technologies are used to Assist Learning

Teachers plan for the use of digital pedagogies in their classrooms. The students use digital technologies in a variety of curriculum areas throughout their school week. The school resource center houses our technology hub with new systems for the children and staff to utilize the technologies available. The school resource center also is a venue for new technologies to be demonstrated.

### **Social Climate**

### Overview

Tolga State School has implemented Positive Behaviour for Learning. This involves analysing behaviour data from the classroom and the playground to implement weekly teaching strategies. We keep parents informed by advertising the focus strategy in the newsletter and on parade.

Students are identified in the classroom and playground, using "Gotchas" (demonstrating Safe, Respect and Responsible). These are then celebrated on weekly and end of term parades.

<sup>\*</sup> Nationally agreed student and parent/caregiver items

### Parent and community engagement

- Parent and community engagement is an important aspect of school life at Tolga. Parents volunteer to work within the school at varying times classroom assistance, garden reformation, tuckshop volunteers and involvement with the P&C when events are occurring. Parents attend the weekly school assembly to see their children accept awards and rewards for attendance and behaviour. Community members from services such as Fire, Police and Ambulance assist with information and visit students in their classrooms. Guest speakers are invited to talk at assembly when important events are being promoted.
- Consultation processes are embedded into the school protocols to assist students with diverse needs to access and participate fully at school through discussions with parents and appropriate plans to be implemented and reviewed on a continual basis. Adjustments that are required for students are discussed with parents, students and teachers and then implemented for the wellbeing of the students and continued progressive learning.

### Respectful relationships programs

<sup># &#</sup>x27;Agree' represents the percentage of respondents who Somewhat Agree, Agree or Strongly Agree with the statement. DW = Data withheld to ensure confidentiality.

The school uses the Responsible Behavior Plan to assist students with making good choices for their personal health and safety. The WITTS program is our main teaching tool to ensure that students know what to do if they are involved in situations that are negative. Positive Behaviour for Learning is the process of identifying areas for improvement and developing lesson plans for teachers to be able to implement into their classrooms. These lessons are available for all teachers and non-teachers.

The school has developed and implemented a program/or programs that focus on appropriate, respectful, equitable and healthy relationships.

### **School Disciplinary Absences**

The following table shows the count of incidents for students recommended for each type of school disciplinary absence reported at the school.

# **Environmental Footprint**

### Reducing the school's environmental footprint

The school water consumption has started to decrease due to the new septic system and upgrade of the toilet blocks. Taps have been modified to reduce the excess water usage. Electricity has started to decrease with the efficiency of the new air/conditioners in classrooms. More care has been taken with turning lights, fans etc off when leaving the classrooms.

| ENVIRONMENTAL FOOTPRINT INDICATORS |                    |             |  |  |  |  |  |
|------------------------------------|--------------------|-------------|--|--|--|--|--|
| Years                              | Electricity<br>kWh | Water<br>kL |  |  |  |  |  |
| 2014-2015                          | 91,242             | 2,426       |  |  |  |  |  |
| 2015-2016                          | 102,411            | 2,462       |  |  |  |  |  |
| 2016-2017                          | 88,832             | 1,751       |  |  |  |  |  |

The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.

<sup>\*</sup>Attendance rates effectively count attendance for every student for every day of attendance in Semester 1. The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

### Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the Department of Education procedures, *Managing Student Absences* and Enforcing Enrolment and Attendance at State Schools and Roll Marking in State Schools, which outline processes for managing and recording student attendance and absenteeism.

In addition, list key strategies that are being used to increase attendance.

Roll marking is completed twice a day with the absences managed by the administration. Student absence is followed up daily and information entered into the system. Students absence is then texted out to parents with request for information. If insufficient contact has been made by parents/carers at the end of a 3 day period then Principal follows up with telephone calls and letters. This is very rare at Tolga State School.

Currently to increase attendance we identify classes each week who reach the benchmark percentage and celebrate during a parade with whole school in attendance. The top classes are recognized publically and those classes who reach the benchmark are presented with a certificate. Students with 100% attendance are recognized at the end of each term and presented with a certificate and a tuck-shop voucher during the parade.

Attendance information for each class is printed in the newsletter or flyer each week for the school community to be aware. A reminder to parents about what it means to miss school by looking at time away is also advertised on a regular basis in the information sheets sent home to parents/ carers.

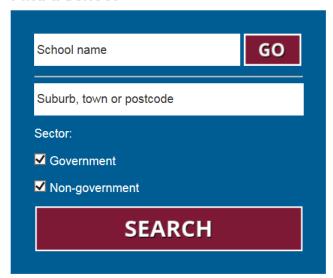

### **NAPLAN**

Our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9 are available via the My School website at <a href="http://www.myschool.edu.au/">http://www.myschool.edu.au/</a>.

To access our NAPLAN results, click on the My School link above. You will then be taken to the My School website with the following 'Find a school' text box.

### Find a school

Where it states 'School name', type in the name of the school you wish to view, select the school from the drop-down list and select <GO>. Read and follow the instructions on the next screen; you will be asked to confirm that you are not a robot then by clicking continue, you acknowledge that you have read, accepted and agree to the Terms of Use and Privacy Policy before being given access to the school's *profile* webpage.

School NAPLAN information is available by selecting 'NAPLAN' in the menu box in the top left corner of the school's profile webpage. If you are unable to access the internet, please contact the school for a paper copy of our school's NAPLAN results.
